ABOUT ME

About me

Highly skilled web developer seeking a challenging position to utilize my technical proficiency and creative abilities in developing visually appealing and responsive websites. Committed to delivering high-quality code and exceptional user experiences while staying abreast of industry trends and best practices.

Experience

1. Developed and maintained scalable, and high performance web applications using the MERN stack.
2. Collaborated with UX/UI designers and back-end developers to implement responsive and user-friendly interfaces.
3. Integrated third-party APIs and services to enhance application functionality.
4. Conducted code reviews and provided constructive feedback to optimize code quality and maintainability.
5. Implemented security best practices to safeguard applications from potential vulnerabilities.
